LEVER FEED CUTTER.

CIRCULAR SAW MILL.

Hege's Improved Circular Saw Mill, is no new and dandified saw mill, but is one that is well and favorably known in many sections and wherever it is used it is found to be the best and most reliable in the world. It is simple in construction, yet reliable in operation, and is sold for less than any other first class saw mill. Send for descriptive Circular.

Lever Feed Cutter.

Something entirely new and novel in the feed cutter line. LOCAL BRIEFS.

The Radicals burnt tar barrels on Fayetteville street last evening.
The local business depression continues, and the city wears a dead and gone look.

Many bets were made yesterday on the elections in the Second and Third Districts.

The number of telegrams sent here to affect has been great, especially yesterday.

Manager Starke and his clever corps of assistants in the telegraph office deserve public thanks for their hard work these election times, which they so faithfully perform.

A portion of the north wall of the Bagley building is being cut out, to make room for a large window on the first floor, which is to be used as a drug store by Pescud, Lee & Co.

A letter is held at the post office addressed to Mrs. Nelsa Forker, Letton, N. C., but having to stamp attached. The carelessness in the direction and payment of postage on letters is really curious.

Drummers' licenses were yesterday issued by the State Treasurer to Morton D. Banks, Frank & Adler, and Pennington & Bros. of Baltimore; and Morris Bros., of Norfolk.

The election excitement was unabated yesterday. The Radicals felt jubilant, and said they would light up the city with tar barrels. It is understood that they propose to have a sort of feeble jubilee.

At the special meeting of the Board of Aldermen this evening, the entire police force will be voted on, and not two or three, as stated. There are always such a number of candidates for offices that the Aldermen are constantly plagued with petitions.

Personal.
Maj. Gales returned to Washington yesterday to resume his official duties.

Fine Mountain Beef.
Mr. Shepe, of Buncombe county, arrived in the city yesterday with some fine beef cattle for the Raleigh market.

The Y. M. C. A.
This body of workers holds a special meeting this evening at 7.30, at the room in rear of Ennis's book store. The meeting is a particularly important one, and prompt and full attendance is particularly desired. The Association will take the first steps for its winter work.

The Grand Lodge of Masons.
This body holds its annual session here next month, beginning on Tuesday the 3rd. The Grand Secretary, Donald W. Bain, Esq., elsewhere gives notice of the arrangements with the railroad as to fares etc. There will doubtless be a large attendance, and preparations will be made for the proper entertainment of the visitors.

Louise Pomeroy.
The approaching appearance of Louise Pomeroy gives great pleasure to lovers of the drama here. This fine actress comes with an admirable supporting troupe, and a success for her and them on Monday evening is predicted. The "Adirondacks," the play to be produced, is said to be one of the best of its kind, and the troupe does it full justice.

Radical Speeches.
The orators of both wings of the Radical party gave vent to their feelings and language last evening from the court house porch, to a crowd of some hundred or more, principally negroes. There was a vast deal of drum beating and yelling. Magin was the first speaker. He was followed by Lee Young, while Tim Lee closed the meeting. The speeches were all loudly applauded by the intelligent (?) auditory.

The Colored Troops.
The colored military company from Goldsboro arrived here yesterday afternoon, and was escorted to the met house by the Oak City Blues and East Raleigh Guards. The ranks were not full, only about 25 men parading in the visiting command. The uniform is dark blue with light blue facings, and is of the most out of date. There will be a parade of the battalion this afternoon.

Another Delay.
The custodian of the U. S. postoffice and court house received a letter from the Treasury Department at Washington, stating that the furniture for the building was now being made by A. H. Andrews & Co., of Chicago, Ill. It is to be delivered on or before the 1st of February next. Having a long time off, the officials occupying the building say, but they ought to be accustomed to delays by this time. The various departments in the building will be well supplied, the bill for the furniture being something over \$5,000. It is to be of walnut, made in elegant and modern style, and will prove a great convenience when it does come.

Wake County Moonshiners.
The public are well aware of the existence of "moonshiners," by which name illicit distillers of the ardent are known in the western counties, but little thought that they were so near at home as appeared yesterday. A white man was up before the U. S. Commissioner, charged with distilling and selling whiskey at a point north of this city. On examination, however, it was found that he was not the owner of the still, and he was promptly discharged. The authorities found out who was the real offender and at once sent for him. Report hath it that there are several illicit distilleries existing on the northern boundary of this county, and that there, in undisturbed serenity, the moonshiner has a realm all his own. It is not generally known that such institutions exist in the county at all.

Wanted Energies.
Cincinnati Enquirer.
Between trying to knock the Bible into smithereens on the one hand, and reduce the rag baby to pulp on the other, Bob Ingersoll has plenty of exercise just now. He is not the only example of wasted energies. The country is full of them, not the least of whom is endeavoring to "satiate things" by visiting cattle fairs.

Wake County's Vote.

The Board of County Canvassers, composed of an inspector of election from each precinct, met yesterday at the court house, D. B. Holland, Esq., as Chairman, and Mr. C. W. Lambeth as Secretary. An examination and canvass of the returns was then made. All the townships save Little River duly sworn. As the Board of Canvassers is required to meet the second day after an election, and then to take the returns before them, acting only on such as are properly certified, the vote of the missing township was thrown out, or rather not counted, as not being officially known. Below is given the vote, as announced from the court house door by the Board, after due canvass of all the returns made. It gives Davis a majority over Turner of 149, and over Jones of 1,704.

County Commissioners.

The Board continued its session yesterday, and transacted a great deal of business of no particular importance. It has been said that the question of the propriety of speedily erecting a suitable court-house was to be considered this year. The Board must surely be aware of the need of such a building, whose proportions and accommodations would be both suitable and convenient for Wake county. The present structure is totally unfit for the purpose, and the people of the county should spare no effort to have it replaced by a better. The finances of the county are surely in such a condition as to admit of the building of a suitable court-house, and the necessity for such is apparent to any one. These ideas are suggested to the reporter by some of the best citizens of the city and county.

The Farmers' Side.

Does it pay to hire labor at the prices commonly paid for farm hands? It is a question that the farmer to keep accounts with his business as the merchant. And let us make a little calculation and balance accounts at the end of the year and see how we stand. We will base the calculation upon the average yield of crops grown on a grain farm.

Farm—Dobtor.

December 31st, to hire of man twelve months at \$7 per month, \$84.
To board of man twelve months, at \$3.50 per month, \$42.
To board of horse twelve months at \$5 per month, \$60.
To interest on taxes, wear on 'are \$10.
Total, \$196.

Farm—Creditor.

December 31st, by 35 bushels corn at \$2.50 per bushel, \$87.50;
By shucks and fodder, \$15;
By 40 bushels of wheat at \$1 per bushel, \$40;
By 25 bushels of oats at 40 cents per bushel, \$10;
By wheat and oat straw, \$5;
Total, \$160.50.

Balance, \$35.50.
I am sure no one will say the account as kept, is not a liberal one—both as to pay and the crops raised—in fact I don't know but that \$7 per month is a little under the average paid for men. Now what is the result of our one horse crop? We find that it cost us \$35.50 more than it is actually worth—to say nothing of the additional expenses of getting it to the market. What is the course pursued by all prudent business men? It is to learn from experience and correct the errors of the past. Don't the farmers err in the prices they pay for labor? How then shall he correct the error? I may refuse to pay these enormous prices—the laborer goes to my neighbor and he gives it. Here we see one great need of co-operation among the farmers—concert of action in regulating all matters pertaining to the farmer. Can not every one who has given this matter his study suggest some plan for regulating the prices of labor that it may be remunerative to both parties?

"They all do it."

We called him so long ago; and all the time when we have had occasion to speak of the Madison-Wells-Eliza Pinkston creation who occupies the Presidential chair. We call him so yet, for a most damnable "fraud" he is; and not an actual thief, he deserves no more commendation and punishment as the willing tool of perjured rogues and rascals, and as the conscious receiver of the stolen Presidency. But heretofore some of the superlatively contemptible and malicious mischief of our friends have reprimanded us. The have said we were too bitter; too violent; not polite; not circumspet; that though all we said was true, much of it had been said before, unsaid, or said in different "manner and manner." Respectfully and deferentially we slightly subsidised for a while, and looked on. Now "they all do it," and "do it" worse, (some of them) than the Herald ever did.

Richmond Fair.

The committee also reported as follows: "That in the line of steam engines applicable to agricultural purposes, the following were the most large and desirable variety on exhibition."

"W. E. Tanner & Co., exhibit an engine which seems to have well nigh every point needed to make it complete—viz: portability, being mounted on wheels with broad tires, all iron; simplicity of working parts; safety against sparks by a new and ingenious arrangement; apparatus to put out fire should one occur; hose attachment for sprinkling line room in a gin house, and an expansion frame. These points, combined with the superior style of workmanship, render it worthy of the superiority, and we therefore award to it the premium of \$40 and diploma."

After all that has been said about "sweeping reductions," the Grand Central is the only first-class hotel in New York that has made a "sweeping reduction." It offers first-class accommodation for \$2.50 and \$3.00 per day.

Levy's champion shirts are made of the best material.

Our Buyer.

It is very difficult for a merchant to make a trip to New York, buy goods cheap, and return immediately. For this reason Law's China and Silverware establishment (Raleigh and Charlotte, N. C.) has a buyer constantly on hand glassware, or anything in their line cheaper than regular prices. Greater inducements are offered now in sterling silver plate than ever before.

Wine and Cakes for Evenings.

Alfred Spoor of New Jersey, it should be known, is one of the most extensive producers and dealers in Pure Wines and Brandy in the United States. He makes a Superior Port Wine, which took the highest premium at the Centennial, known as Spoor's Port Grape Wine. It is sold by Williams & Hayward. Nov. 31 w.

Copying and enlarging old pictures \$2.00 for 8-10 frame and pictures New York Gallery.

Quite a Mistake.

We said in yesterday's paper that "all the grocers in town say their customers will not use any other Baking Powder but Jones' Unrivalled." This was quite a mistake, as the Patapsco Baking Powder has a great reputation here, and nearly every grocer in town keeps it in stock, and the demand for it is daily increasing. Merchants, who are supplied at wholesale by W. H. Dodd, corner Wilmington and Martin Streets.

Old Hickory, the gentlemen's chewing tobacco for sale wholesale by E. C. Christopher & Co., and retail by R. H. Brady, Pescud, Lee & Co., Wm. Simpson, F. H. Hart, Hardin, Grimes & Co., B. R. Jolly, C. A. Jackson, and Grundlein.

A Remarkable Result.

It makes no difference how many Physicians, or how much medicine you have tried, it is now an established fact that German Syrup is the only remedy which has given complete satisfaction in severe cases of Lung Diseases. It is true there are yet thousands of persons who are predisposed to Throat and Lung Affections, Consumption, Hemorrhages, Asthma, Scurvy, and other troubles on the Breast, Pneumonia, Whooping Cough, &c., who have no personal knowledge of Coscho's German Syrup. To such we would say that 50,000 dozen were sold last year without one complaint. Consumptive try just one bottle. Regular size 75 cents. Sold by all Druggists in America.

A Place for all Things.
